This 4-bedroom, 3 bath home on 9.9 acres is quite a hidden treasure. A short commute to San Antonio and nestled off of Private Road 6621, this home sits back off the road for a little privacy. The home has the split bedroom plan, as well as an open concept. All kitchen appliances will stay with the home. All bedrooms are nice-sized and two bedrooms have attached bathrooms. Outside in the back yard is an above-ground pool with a nice deck and covered area for a little shade. The covered back porch extends the length of the home and is a great entertainment area. The home has a well, two storage sheds, and a large doghouse that will stay with the property. There is a 4-car detached carport outside the fenced yard. Mature trees complete this home and it is move-in ready.
