Storm Hill Ranch
125 ± Acres, Medina County

Storm Hill Ranch: 125.25 acres of impeccably manicured game ranch, high fence stocked pond, turnkey investment of recreation property. Located in a very high growth area of Medina County with many developments and corporations moving into the vicinity. The ranch's current and previous owners have utilized the vibrant land and wildlife it abounds to host hunters for income production (Dove, Quail, Whitetail). Currently a new income stream at Storm Hill Ranch is event hosting for corporate retreats, weddings, etc...

The Ranch inhabitants include a white tail population of approximately 30 deer, a one-acre pond fully stocked with bass and catfish ranging from medium to large size for their environment. The property boasts electricity throughout with multiple access points to both ample electricity and water. 3 shallow water wells are located in various areas of the ranch, also Yancey water meter provides water to cabin area. Recent improvements include: new entrance road, rock driveways to deer pens, fully landscaped party area perfect for your after hunt gathering, and clearing of perimeter fencing. The cabin on the property has also been updated for both electrical and plumbing so that it could be utilized by guests. The ranch is located off of a deeded easement from FM 2676. This provides seclusion for the wildlife currently inhabiting the ranch along with privacy for its owners. Storm Hill Ranch features abundant dove, quail, pheasant, and whitetail, along with numerous other native wildlife species within the high fence. The ranch also has 3 main productive fields containing hay, wheat, and milo. These fields along with ample water sources throughout the ranch allow for wildlife to flourish and tranquility to maximize. Survey was performed in 2022.
